Purpose of This Document

This document is designed to help lead a discussion and outline the benefits that your League or Organization will get from using League Management Software and LeagueToolbox.

The content briefly touches on many of the major roles within a typical league and how well designed software tools can help those roles work easier and more efficiently.

Why You Need League Management Software

League Management Software has now become the expected norm for sports Leagues and Organizations. Parents and players now expect up to date web sites, email and text message notifications as well as the convenience of registering themselves online.

The days of collecting and dealing with hundreds of sheets of paper are gone. Likely being a volunteer, your time is simply too valuable. It only makes sense to start taking advantage of the best tools available.

A good League Management Software package will not only help your League run more efficiently, more profitable and ease the stress and frustration of dedicated volunteers. But it ultimately creates an overall better experience for **everyone** involved within your Organization.

Why Choose LeagueToolbox?

LeagueToolbox is trusted by thousands of people across North America.

LeagueToolbox is a leader and innovator in web-based League Management and Registration software solutions.

Aside from all of the great time saving features of LeagueToolbox, it is the flexibility and ease-of-use of the software that ultimately places LeagueToolbox far ahead of its competitors.

Incredibly high customer satisfaction rates that go along with top rated customer support is yet just another key factor that should make LeagueToolbox the preferred choice for your League or Organization.

Registrars\Player Agents

With LeagueToolbox, Registrars will eliminate countless hours of re-entering information from paper forms. Asking custom questions such as uniform sizes and having people view and agree to waivers has never been easier.

Parents\Players enter their own information directly into your custom registration system and can pay online anytime by Credit Card or Paypal. You can view all of your data in easy to read, sortable, and printable PDF reports.

LeagueToolbox directly handles all refunds, chargebacks and any inquiries regarding online registration and payment. All of which is fully controllable and customizable to your League policies and procedures.

Financial transparency is important. Many detailed financial reports are just a few clicks away and the LeagueToolbox full service finance department is always available to answer any particular questions you may have.

Information Officers\Website Administrators

It has to look good. Just because your run an amateur sports League it doesn't mean your website has to look amateur. Preset templates were created by professional web designers. They are customizable and look good right from day one.

The League and each Team will get their own website. Each Team website is customizable by the Team Coach\Captain. Some Coaches will get really involved and add game recaps, statistics etc. But even Team sites with no contributed content will still look good with the LeagueToolbox dynamic updating content.

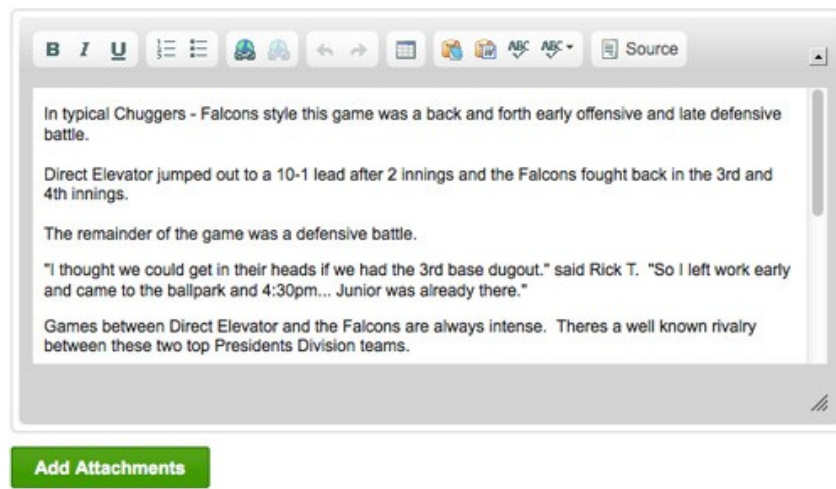

Your League and Team websites will always be up to date. As soon as a score is entered for a game the Results, Schedules and Standings pages will automatically be updated. This not only keeps your site looking relevant and fresh, but it keeps everyone informed to the latest game developments.

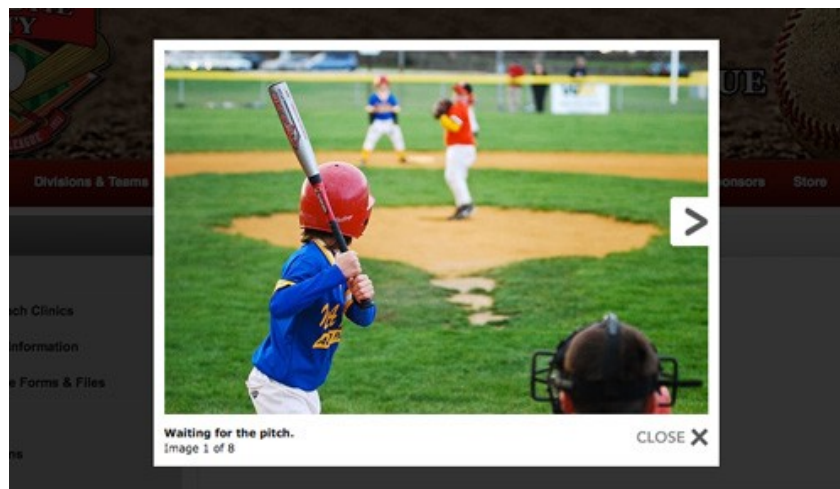

The screenshot shows the Standings page of the Christie City Little League website. The page is divided into several sections: "UPCOMING TEAM EVENTS", "TEAM RESULTS", "DIVISION STANDINGS", and "Majors". The "DIVISION STANDINGS" section is the primary focus, displaying a table of team performance for the 2012 season. The table includes columns for Team, GP, W, L, T, WIN %, GB, RF, RA, DIFF, STRK, and LAST 6. The "Majors" section lists the top teams in the division.

| Team | GP | W | L | T | WIN % | GB | RF | RA | DIFF | STRK | LAST 6 |

Whether you're adding a league wide announcement or a Coach adding a game summary, it has to be simple. The LeagueToolbox WYSIWYG article editor is one of the most easy to use web editors available.

Display your League and Team pictures proud with great looking photo galleries. You can also easily integrate your League and Team Sponsors within your website and offer special sponsorship opportunities within your League emails or invoices.

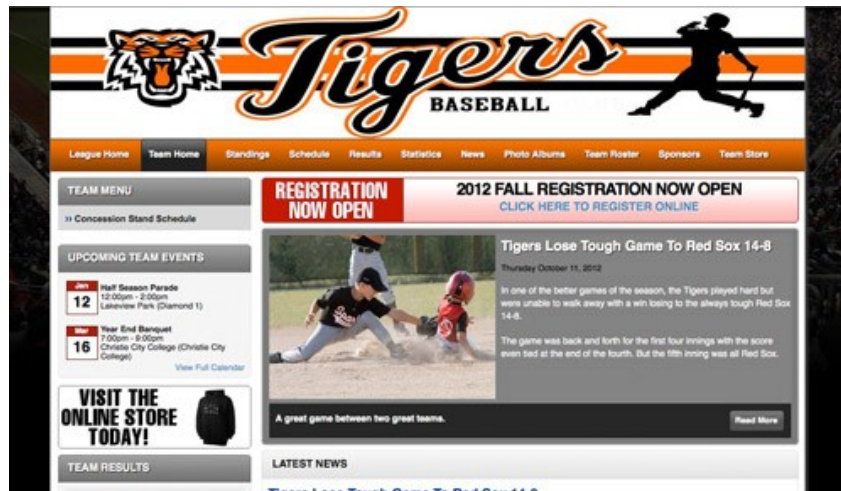

A custom domain name (www.yourleague.com) and yearly hosting is included with every LeagueToolbox package. If you already have your own domain name, no problem, you can simply point it to our servers. LeagueToolbox friendly support staff is also available to help with any domain questions you may have.

Coaches\Team Captains

It has to be easy to use – Period. LeagueToolbox has put countless hours into designing a system that not only has great features, but great features that are very easy to use.

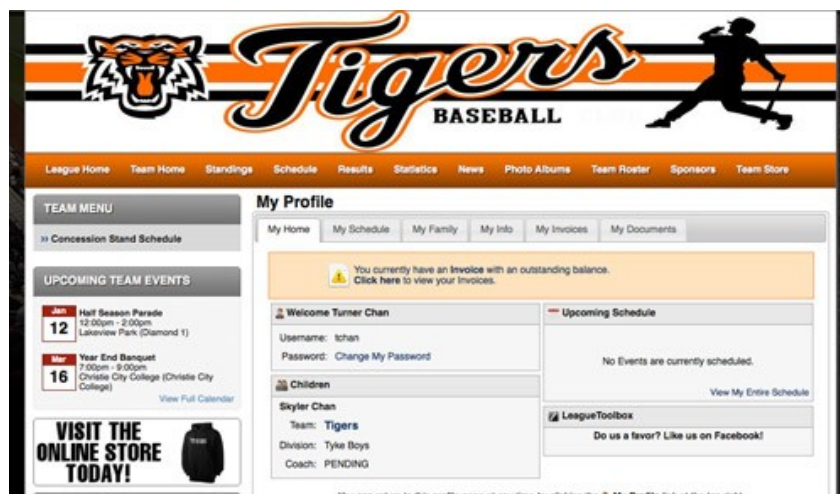

If you need to have Coaches\Team Captains register their Teams and rosters each season or if you simply want your Coaches to have the ability to email their players, LeagueToolbox has it all covered.

LeagueToolbox also gives each Team their own customizable dynamic website. The website automatically updates whenever scores or schedules are added or changed. It also has very easy to use tools for Coaches\Captains who wish to add game recaps, statistics, photo galleries and much more.

Parents\Players

From the start to the end of your season, great features and tools also exist for your parents and players. Online Registration not only allows them the convenience of registering anytime, but allows them to easily provide the League with any custom information you may need. This may include questions about volunteering, uniform sizes and even agreeing to various League waivers.

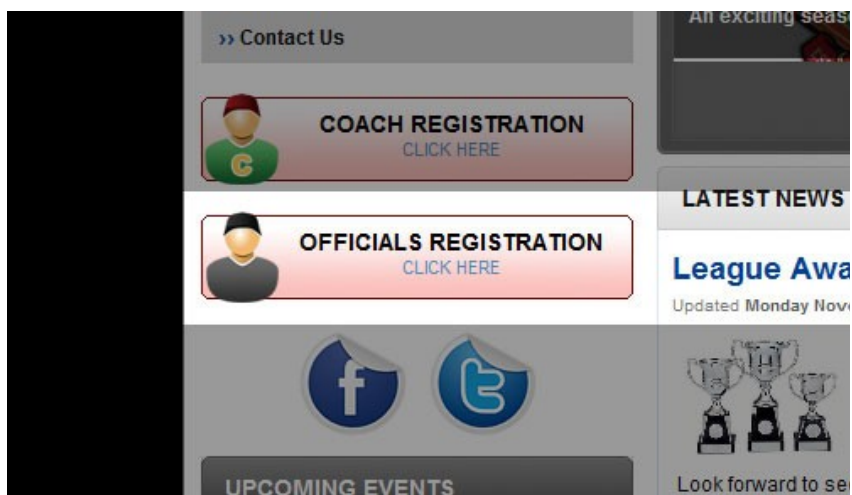

Parents and Players can take advantage of their own Profile page. This page contains information on how to contact their Coaches, pay outstanding balances and offers a great personalized family schedule. Throughout the season everyone is also kept in the loop with automatic emails informing them about the player drafts, schedules and rainouts. Custom messages can also be sent at anytime by League Admins and Coaches.

Everyone will also greatly appreciate how the League website is dynamically updated. They will always be able to get the latest schedules, game scores, standings and statistics.

Officials\Umpires\Referees

From umpires and referees to time keepers and linesmen, they can all be managed and scheduled through LeagueToolbox.

Officials can register themselves through your public website and they can instantly give you all of their availability and unavailability dates. Officials ratings lets you rate officials based on their experience and skill levels.

From League Admins and Coaches right down to Parents and Players. Our Team of support specialists are here and more than willing to help.

This unique level of service takes the burden off of the Organization and ultimately gives everyone a greater online experience.

We are here to help. We are more than happy to offer our advice and tips and tricks on best practices. We like to think of ourselves as more of a partner to our leagues rather than a simple software vendor.

Affordable Simple Pricing

LeagueToo believe in simple pricing. No confusing or misleading tricks of different pricing for different features. LeagueToolbox charges \$300 per year and \$2 per player to use **all of the features** of our powerful software.

One of the benefits of using LeagueToolbox for your online Registrations is that you do not need to go through the hassle and cost of setting up and maintaining your own merchant accounts to be able to collect credit card payments. LeagueToolbox will pay you directly for all Registrations. Your payments are based on the registration invoice total less a **3.5% and .30 per transaction processing** fee. This processing fee covers all services required to resell your registrations including credit card processing fees, banking fees, and providing prompt customer service to all of your Players, Parents, Coaches and Administrators.

As the League, you have the flexibility to display any of these fees together or in addition to your typical registration fees. You can show these fees any way you like on the player invoice. Offline Registrations manually entered into the system by the League are still subject to the \$2 player fee.

Take the Next Step!

LeagueToolbox can have your Organization setup and accepting Registrations in as little as two days.

As part of your yearly League fee we will use our experience and best practices to work with you to completely setup your Online Registration. Then you simply test it, inform us of any changes you may need, and you are instantly up and going.

Unlike our competitors you can try before you buy! See for yourself how easy our software is to use. Visit www.LeagueToolbox.com and setup a Free 30 day Trial. Setup only takes 60 seconds, **no credit card is required** and you can upgrade or cancel your account at anytime.

Want to speak with a live person? No problem! Call us at **1-888-757-8889** and a friendly representative is available to answer any of your questions and give free helpful advice.

We are also available by quick reply email at **sales@leaguetoobox.com**.

Thank you for your interest in LeagueToolbox and we look forward to working with you and your Organization!
